About Coaches vs. Cancer

The Coaches vs. Cancer School and Youth Initiative is a program designed to encourage student-athletes, coaches, fans, parents, athletic directors and local communities to become involved and make an impact in the fight against cancer.

From basketball courts to lacrosse fields and from football fields to running tracks - any coach, team, referee, community member and business can be a part of the Coaches vs. Cancer program. By getting involved in Coaches vs. Cancer you are supporting the American Cancer Society's mission to help people stay well, get well, find cures, and fight back against a disease that takes too much from too many. Since 1993, more than 5,000 coaches have participated and raised over \$130 million for the American Cancer Society.
